Early Education Development Team
CPD Opportunity Summer 2019

Course name:

A holistic approach to behaviour

Who is the course aimed at:

All practitioners who work with children in the Early Years Foundation Stage.

Description

A session which examines the elements that may affect behaviour. It will focus on pedagogy, the environment and how settings can prepare to work with other agencies to improve outcomes for the child, family and setting.

Learning Intentions

Participants will:

- Discuss working practices, examine environments and make links to common behaviours in children
- Focus on positive outcomes for children and their families considering individual differences such as circumstantial and cultural needs
- Make links to Characteristics of Effective Learning and Self – Regulation
- Analyse how settings balance the support they give to individual children and how this is managed within the whole group/setting
- Look, listen and note in preparation for more meaningful dialogue with supporting agencies.
