

# Alternative Provision

## What is an alternative provision?

|                                                                                     |                                                                                            |
|-------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------|
|    | Alternative provision (AP) is a different place to learn instead of your usual classroom.  |
|    | It helps children who find school difficult for learning, behaviour, or emotional reasons. |
|  | You can learn life skills, get support, and do practical activities.                       |
|  | You might go there for part of the week and spend some time in school too.                 |
|  | The goal is to help you feel ready to return to school or move on to college or training.  |
