

Alternative Provision

What is alternative provision (AP)?

	<p>Alternative provision is a different place to learn instead of your usual classroom.</p>
	<p>It helps children who find school difficult for learning, behaviour, or emotional reasons.</p>
	<p>You can learn life skills, get support, and do practical activities.</p>
	<p>You might go there for part of the week and spend some time in school too.</p>
	<p>The goal is to help you feel ready to return to school or move on to college or training.</p>
