It is important to:

- look at us when you talk to us
- use simple words and pictures
- remember that sometimes we communicate with our bodies not words

Parents, carers, family members, people who live with us, mentors and friends help us to: communicate by being with us

- playing with us
- helping us learn

Remember we are more likely to communicate with someone we know and who is kind to us.

When we go out to play, travel, or help others we see different things.
