

# Inclusive Practice

## English as Additional Language 2 (EAL) - Practitioners

Supporting children with EAL is a skill. It is important not to overlook our own development needs as practitioners, to enable us to do everything in our power to support children with EAL in our settings. Developing a sound understanding of the challenges they face and the strategies that we can apply to aid progress, is invaluable.

Watch the following video:

A discussion – [Supporting children with EAL - Dr Rose Drury - YouTube](#)

### **Task 1**

Use the video link above to introduce the subject with your staff team and encourage a discussion on the subject. Then use the checklist provided to reflect on your current practice.

This is an opportunity to celebrate current practice and develop actions for the future to make improvements.
